The Glam Crossover

S.P. :

The stroller with the unmistakable Glam style, exceptionally comfortable for the child, very easy to use for the parents.

MAIN BENEFITS:

- It guarantees maximum comfort for the child in all seasons:
 - The seat is equipped with the Comfort Cover, a comfortable padded cover, which completely covers the backrest, to better protect the child from cold.
 - In summer mode the seat, made of a double layer of breathable mesh, allows air to pass through, aiding the child's thermoregulation.
 - The double structural mesh of the backrest ensures the correct posture of the child by supporting their back.
 - The seat is very wide and padded (55x37 cm).
 - The backrest can be reclined in four positions and laid down to the "sleeping" position by means of a central control.
 - Equipped with footrest.
 - The padded shoulder straps and the crotch strap avoid the harness rubbing against your child's delicate skin.
 - It comes complete with footmuff, full cover hood with UV treatment (UPF 50+) and baby bottle holder.
- It is easy and practical to use:
 - It easily tackles all types of terrain thanks to its large, shock absorbed polyurethane wheels (diameter 196 mm front and 260 mm rear).
 - It is extremely smooth thanks to the ball bearings on the four wheels (Abec 5 type).
 - It passes through the narrowest spaces thanks to the small overall dimensions (only 51.5 cm).
 - The seat easily engages and releases to/from the chassis, in both directions.
 - It opens and closes with one hand even with the seat fastened, in both configurations (facing parents and facing the street).
 - Once folded up, it is extremely compact, it remains upright on its own and the handle does not touch the ground.
 - It adapts to the height of the parent thanks to the handle, which is height-adjustable in 4 positions.

ADDITIONAL BENEFITS:

- A mesh insert in the hood ensures proper air circulation around the stroller seat, to keep the area cool and ventilated. Excellent to see your child as you walk.
- The stroller and hood lining are fully removable and can be hand washed at 30°C.
- The handle is covered with a stylish leatherette.
- The chassis features chrome finish details to enhance the refined design of the product.
- The basket is very capacious and has a storage pocket. The reflective material profile makes evening strolls safer.

TECHNICAL INFORMATION

Box content:

- Stroller seat.
- Comfort Cover.
- Hood.
- Bumper bar.

- Chassis.
- Storage basket.
- Cup holder.

Optional accessories:

- **Baby Snug Pad** - a soft cotton head hugger that ensures new-borns travel in comfort.
