

### DESCRIPTION:

The Welcome Bed® is the bedside crib that allows a baby to sleep safely and comfortably next to their parents' bed during the first months of life, encouraging reassuring contact and facilitating sleep and breastfeeding throughout the night.

### MAIN BENEFITS:

- It ensures maximum postural and thermal comfort for your baby, thanks to the multi-layer mattress with differentiated density and materials, and the bamboo fibre lining paired with a breathable 3D mesh.
- It reclines up to 10° to aid your baby's digestion and assist breathing in cases of airway congestion.
- It adapts to all beds. The height adjustment in 9 positions and the adjustable feet allow for perfect alignment even with storage beds, ensuring continuity between the parents' mattress and the crib.
- The side rail lowers and raises easily, allowing the crib to be used as a stand-alone crib too.
- It moves easily within the room, thanks to the 4 swivel wheels equipped with brakes.
- It can be folded up easily and transported conveniently anywhere, thanks to the carry bag included.
